

# Returning Home®

Home Instead Senior Care® and Care Connection Transport Services are working together to get seniors where they want to be, in their own home. Care Connection provides fast and friendly professional private and non-emergency medical transportation services.

As a leader in the non-medical, home care industry, Home Instead works to support seniors and their desire to live healthy, independent lives at home. Therefore, we are able to work with surgery centers and hospitals like yours to engage the strategic use of non-medical home care and transportation to help seniors make safer, happier and more successful post-discharge transitions.

## HOW DO WE DO THIS?

Home Instead and Care Connection work closely together to provide:

1. Appropriate, safe and timely transportation from the facility to the client's home
2. Assistance getting the client comfortably settled at home, including;
3. Picking up any medications from the local pharmacy
4. Full in-home care consultation and needs assessment with professional recommendation for continued care when appropriate.
5. Home Safety Assessment if needed.
6. Immediate Personal care needs, i.e., bathing, dressing, grooming, mobility, eating, etc.
7. Scheduled transportation to follow up medical appointments

**Most importantly, we keep seniors where they want to be, and get them there safely!**

**Call (805) 934-0592 to schedule**
